RECOMMENDATION

DISCUSSION

In 1997 the Federal/State public assistance program was drastically changed to focus on minimizing "welfare dependency" by increasing the number of working adults through expanded training and supportive services opportunities, and by giving states greater flexibility in the design and implementation of programs. The new Federal program was named Temporary Assistance for Needy Families (TANF) and allowed States to offer unique programs based on individual state demographics. California's TANF program, California Work Opportunity and Responsibility to Kids (CalWORKs), includes detailed requirements and funding for supportive services to help families move into and succeed in the workforce. Specifically, child care services must be provided to CalWORKs participants who are required to participate in the Welfare-to-Work (WTW) program. If supportive services (i.e., child care) are not provided, counties must give "good cause" for non-participation in the WTW program. Child care is necessary for most of our participants to support participation in assigned activities including work, training, education, drug and alcohol treatment, and/or mental health services.

The structure of the Federal/State subsidized child care is available to three primary groups of low-income families:

- TANF/CalWORKs families (Stage 1 child care)
- Families transitioning off TANF/CalWORKs (Stage 1 and Stage 2 child care)
- Other low-income working families (Stage 3 child care)

In California the responsibility for child care programs is divided between the California Department of Social Services (CDSS) for welfare recipients (Stage 1), and the California Department of Education (CDE) for all low-income working families (Stages 2 and 3). The intent of the three stages is to avoid a break in child care services as a participant moves closer to self-sufficiency. In each of the three stages, families may choose their own provider. The provider must either be licensed or exempt from licensing (e.g., family member providing care). Child care providers are paid directly for services performed.

The Community Action Partnership of San Luis Obispo County, Inc. (CAPSLO), previously known as the Economic Opportunity Commission of San Luis Obispo County, Inc. (EOC), a private nonprofit, began providing services in San Luis

Obispo County in 1965 and offers many programs for low-income individuals and families including child care. The County has contracted with CAPSLO since 1998 to administer CalWORKs Stage 1 child care which includes facilitating child care services and making direct payments to child care providers. CAPSLO is approved by CDSS to handle State child care funds and serves an average of 350 County children per year.

In addition, CAPSLO provides a Resource and Referral Child Care program for the County to assist CalWORKs participant's in accessing immediate, quality and affordable child care as they begin their CalWORKs WTW activities and move towards employment and self-sufficiency. To expedite the child care process, a CAPSLO Family Resource Specialist (FRS) works on-site at each of the Department of Social Services (DSS) regional offices and handles DSS referrals for participants who are requesting services at that office. Reliable transportation is a barrier for many of our participants and having child care staff co-located in regional County offices allows the FRS to offer timely access to referral and resource services to ensure a seamless process for CalWORKs participants. Participants requesting child care are provided with a list of qualified child care providers to select services from. The process promotes parental choice and ensures that families have stable child care that they are comfortable with.

The approval of this renewal contract will enable CAPSLO to continue to provide CalWORKs child care services that empower parents to make decisions that maximize the health and safety of their children. These services also aid in meeting the long-term welfare reform goals and the outcomes of Assembly Bill 636 (AB 636), the Child Welfare System Improvement and Accountability Act (better known as the System Improvement Plan or SIP) that focuses on continuous improvement, interagency partnerships, community involvement and public reporting outcomes. In addition, these services support the Department and County goal of ensuring all people in our community enjoy healthy, successful and productive lives, and have access to the basic necessities.
